

# Player App Instructions

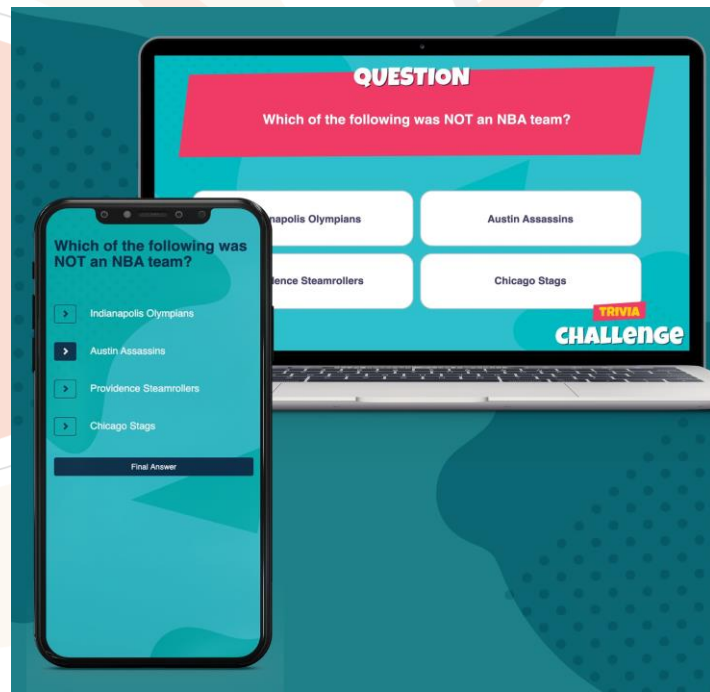

## Live Virtual Trivia

Here are the methods you can use to access both the **Leaderboard** (shared by your host) and the **Player App**!

## Computer & Mobile Device

### ***Ideal Method!***

How To: Open the **Player App** on a cell phone or other mobile device to play the game. Log in to your Video Conference from a computer and view the **Leaderboard Display** that is broadcast by your host.

## Computer w/ Dual Monitors

How To: Open both the **Player App** and your Video Conference on a computer. Log in to your conference and view the **Leaderboard Display** that is broadcast by your host and submit answers in the **Player App** from your 2<sup>nd</sup> monitor.

- **TIP!** Be sure to press 'Final Answer' so your responses are recorded.

## Split Screen on Computer

How To: Open both the **Player App** and your Video Conference on a computer. Have each application open in a separate window and pull them up side by side.

- **TIP!** You may need to resize the windows to see both applications at once. To do this, hover your cursor over the edges of the application, click and drag smaller.
